

H10 FUTSAL CAMP

JANUARY 25-30 · 2027

H10 FUTSAL CAMP

The biggest futsal experience in **BRAZIL**

— SINCE 2018

Every edition **SELLS OUT.** And every edition someone comes back.

It's two to three training sessions a day, position-specific clinics and real competition, with people who live high performance — inside a facility reserved just for the camp.

+700

campers

have been through H10 Sports Camps

13

states

athletes have come from

+80

institutions

clubs, schools and social projects

3

countries

represented across the editions

— WHO CAN TAKE PART

For anyone who wants to raise their *FUTSAL LEVEL*

You do not need to play for a club or be an H10 student. You need to want to learn — the H10 team designs and runs the learning path.

Ages 10 to 17

Groups are split by age and by level. Part of the programme runs with everyone together, so younger and older campers share the week.

Boys and girls

The same sporting programme for everyone. Accommodation is separated by gender and age group.

Athletes and futsal enthusiasts

Those who already compete and those just starting train in the same week, in different groups.

From any institution

Club, school, community project or none of the three. What counts is wanting to play better on the 30th than on the 25th.

Coming from another state?

Return transport from São Paulo is included. Anyone coming from elsewhere arranges boarding with the team — we have already hosted athletes from 13 states.

Being and belonging **AT CAMP**

A sporting and social immersion full of new experiences that the H10 Futsal Camp provides, turning the holidays into the best memories.

H10 Futsal Night

Futsal at night, on the lit court: the futsal party.

H10 Futsal Magic

Futsal's own Kings League: the match format that became the camp's trademark.

H10 Academy

Strategic, tactical and technical development programme.

H10 Idols

Train, talk, learn and spend the week close to people who live high-performance sport.

And also: Media Day with a professional photo session · indoor competitions with awards · closing ceremony with a vote for the week's standouts · H10 Sports Party to close the week.

Our programme and our *IMMERSION*

Two to three training sessions a day, with controlled workload and a programme rich in complementary activities.

The programme may change — times and activities are adjusted for weather, operations or safety.

MORNING AND AFTERNOON

Indoor sessions

Collective tactical and technical work, with the group split by level. It is the core of the week.

BY POSITION

Individual clinics

Goalkeeper, fixo, winger and pivot: each group trains with someone who lives that position.

THE NIGHTS

Every night has a programme

Opening night, Idols' Chat, Futsal Night, an evening activity and the party that closes the week.

DAYS 5 AND 6

Competition and awards

The last two days are competition, and the closing ceremony is what families see in the photos.

Position clinics

Goalkeeper, fixo, winger and pivot: each position trains with someone who lives that position all year round — small groups and individual correction, with the guest coach right there on the court.

Free time is planned too

One hour a day, with the recreation team: supervised pools and water slide, summer games and board games.

Every athlete has a story and a goal — **SO WE PLAN AROUND IT**

Progress in six days is not luck: it comes from who leads the work and how each session is planned. Our coaches read each athlete's learning level and design the activity for where that athlete actually is — not for the average of the group.

KNOW

KNOWLEDGE

- Fundamentals and game systems
- Rules and reading the match
- Technical vocabulary of the sport

KNOW HOW

EXECUTION

- Repetition with individual correction
- Position clinic with a specialist
- Video analysis of their own session

KNOW WHEN

DECISION MAKING

- Training built on the logic of the game
- A programme matched to the level
- Videos and sessions reviewed with the coach

BE

WHAT THEY TAKE HOME

- Autonomy, confidence and ownership
- Better reading and interpretation of the game
- Enjoyment of and passion for the sport

Planned sessions, not improvised

Every session has a stated goal, a progression and a correction criterion. What changes from one day to the next follows what the team saw the day before.

Groups by level, not by age alone

Those who compete and those starting out train in the same week, in different groups — so nobody is left idle or overwhelmed.

A tutor who follows them

Each athlete is known and followed by a coach every day, supporting individual and collective development.

— WHO WILL COACH YOUR CHILD

H10 TEAM

A team specialised in the sport, with coaches who are part of the Brazilian high-performance futsal scene, working with youth categories and contributing to participants' tactical and technical development.

Glauber Eduardo Reggiani

Coordinator · H10 Futsal School

A sports science graduate from EEFÉ-USP, with a spell in Napoli Futsal's youth academy and at Barça Academy.

FORMER FUTSAL COACH · CORINTHIANS

Leonardo Afonso

Coach · Sport Club Corinthians

A former futsal player, coaching at Corinthians since 2016 and at Clube Atlético Monte Líbano.

10× STATE CHAMPION (SÃO PAULO)

Raphael Russi

Futsal coach · Santos F.C.

Futsal coach and football assistant coach in Santos F.C.'s youth academy, from U11 to U14.

LICENCE B · CBFS

João "Tofa"

Professional athlete · H10 Futsal ambassador

A professional AABB athlete and content creator, with spells at Magnus, Vasco da Gama and Blumenau.

FORMER PLAYER · MAGNUS

One professional for every 6

Plus coordination and full-time staff throughout the week.

Learning tutor

Each athlete is known and followed by a coach every day.

This edition's guests

They go up on the site as soon as confirmed — the same rule that already applies to the four above.

— THE VENUE

Everything in *ONE PLACE*

The camp takes place at Estância Nazaré Paulista (SP), 90 minutes from São Paulo. Supervised and reserved for the camp alone throughout the week.

Gyms with official, covered courts

Chalets with private bathroom and safe

Dining hall with an athlete menu

Four pools and a water slide

Amphitheatre

Extra court and multi-sport space

Nobody leaves the site

Training, meals, free time and sleep all happen inside the same venue. No transfers, no midday bus, no wasted time — that is what makes two to three sessions, clinics and competition fit into six days.

Care *AROUND THE CLOCK*

Nursing and physiotherapy 24 hours a day, plus a paramedic and an ambulance on site throughout the week.

Reference hospital: Hospital Novo Atibaia, in Atibaia (SP).

Medication

Handed to the nursing team in the original packaging, with a prescription stating name, dose, times and route. Only the nursing team administers it.

Urgent and emergency care

H10 provides first care and arranges transfer or essential treatment.

Physiotherapy every day

The afternoon session is preventive work and joint mobility. Two to three sessions a day require a prepared body.

Restrictions and adjustments

Allergies, dietary restrictions, medication, specific needs and support are reviewed with the family before confirmation — never an automatic exclusion.

What the insurance is, and what it is not. The edition includes personal accident and travel insurance — which are not the same as a health plan. **Campers who are not Brazilian residents are not covered by the policy: the family takes out accident and medical insurance valid in Brazil for the whole period and shows proof before boarding, as clause 6.2 of the agreement sets out. The team helps with what the certificate needs to state.** Conditions, limits, exclusions and how to make a claim are set out in the enrolment agreement.

— PRICING

Decide earlier, *PAY LESS*

Three price tiers with fixed dates, so you always know how long each price lasts. **The price rises by date, not by remaining spots.** The spot is only confirmed once payment clears.

Batch 1 • until 15 October

TODAY'S PRICE

R\$ 4,990.00

Tier 2 • until 15 December

R\$ 5,490.00

Tier 3 • until 5 January

R\$ 5,990.00

DISCOUNTS

H10 school student **-10%**

Former camper **-7%**

Sibling at the same camp **-7%**

Granted by coupon and not cumulative: the highest one the athlete qualifies for applies.
Ask the team for your code before enrolling.

— EVERYTHING IS INCLUDED

- ✓ Chalet accommodation with private bathroom
- ✓ Return group transport
- ✓ Nursing and physiotherapy 24 hours a day
- ✓ Accident and travel insurance
- ✓ Certificate of participation
- ✓ Four meals a day
- ✓ Sports kit: 2 training shirts, 1 casual shirt and a water bottle
- ✓ Paramedic and ambulance on site
- ✓ Tactical and technical development programme

No extra fees later, none. No shirt fee and no transport charge. You have 7 days to change your mind with a full refund; after that, refund or credit depends on how early you cancel — full policy at h10futsalcamp.com.br/cancellation.

Up to 6 interest-free instalments, or via Pix.

— LIMITED PLACES

Secure your place at *TODAY'S PRICE*

Every edition sells out, and the price rises by date. Leaving your contact costs nothing and commits you to nothing — the team talks to you before any signature.

1

Leave your contact

Through the website or WhatsApp. It takes under a minute, it is not an enrolment and commits to nothing.

2

Talk to the team

We reach out on WhatsApp to understand the athlete's level and answer whatever is still open.

3

Confirm the place

Agreement signed electronically, then payment. The place is confirmed once payment clears.

Enrolment opens on 8 September

Batch 1 runs until 15 October. Talk to the team to be notified the moment it opens.

Talk to us now

Ask anything about the camp directly to the people who run it.
